In the month of April the society of fine ARTS – Artisto at Maitreyi College geared up for an innovative competition 'Artesque'. The competition was hosted online but was in no way less interesting than the competitions held offline. All the creative minds participated in this competition and came up with some brilliant artworks. The competition was held from 2<sup>nd</sup> April 2022 to 10<sup>th</sup> April 2022. Artisto received loads of appreciation for this event and was well deserved as the theme was to recreate any zodiac of one's choice. The purpose of this competition was to encourage young artists to get off their mundane life and recreate something as common as one's zodiac into something creative.

We had the honour to present our jury's panel consisting of well- acclaimed judges like Dr. Savi Mishra ( convener Artisto) and Omisha Chugh ( visual creator and Mentor).

Out of all the overwhelming responses received by the society it was clearly a challenging task for the jury to come up with the two winners of the competition, but finally we had Sofia Bhardwaj of Miranda House (3<sup>rd</sup> Year) and Shubhashree Rana of Hindu College(2<sup>nd</sup> year) bagging Second and First prize respectively.

### Significance of the Event

The event was hosted by the society to encourage young artists to perceive as common as a zodiac in a way that is unique and innovative that could break the boundaries of commonness and boredom.
