EDUCATIONAL TRIP TO AMBEDKAR MUSEUM

DATE OF EVENT: 8th April, 2022

ORGANIZED BY: RES PUBLICA, THE POLITICAL SCIENCE DEPARTMENT

NUMBER OF PARTICIPANTS: 170

Res Publica, the Political Science Department, Maitreyi College organized an educational trip to Ambedkar Memorial. 170 students from the 1st, 2nd and 3rd years' went for the trip along with the following department teachers- Dr. Uma, Dr. Poonam, Dr Madhusmita, Dr Kanchan, Mr. Shubh Kirti and Miss Nikita. We boarded our respective buses at 10:30 am and reached the venue at around 11 am. Throughout our museum visit, we were enlightened with the life journey of Babasaheb Ambedkar and his innumerable contributions.

This magnificent museum in the shape of an open book, resembling the Indian Constitution, is undoubtedly a must visit in New Delhi. The entire display inside is worthy of admiration. It is located at Alipur Road, New Delhi, opposite to the Bungalow of the Chief Minister of Delhi. The museum is erected at the site of the original home of Dr Ambedkar.

Inaugurated in 2018, this is the first ever Dr Ambedkar Museum in the National Capital. As one enters the first floor of the museum, one finds a larger than life size statue of Dr Ambedkar, the first floor also has some of the most modern equipment and gadgets which illustrates the life history of Dr Ambedkar. There is a Life size Robot Statue of Dr Ambedkar with proximity sensor fitted in it, the moment one reaches close to it, it starts delivering a great speech in his original recorded voice. It also makes bodily movement, making the entire thing appear lively. There are huge screens fitted on the walls which play in loop a good deal of information related to life and achievements of Dr Ambedkar.

The ground floor has information related to the formulation of the constitution, on how it came into being. On display is a replica of all the pages of the original hand written constitution. On this level of the museum there is a recreation of the study room of Dr Ambedkar. There is also a dedicated corner for meditation on this floor where one can find a white, single stone, Vietnamese marble statue of Gautama Buddha. The garden outside the museum is themed as Sanchi Stupa with colorful fountains. We boarded our buses and reached back to college at around 3:30 pm. We were provided refreshments by the college. All the department teachers were really helpful and supportive throughout the trip. Without their guidance, a smooth, fun and comfortable trip wouldn't have been possible.

All in all, the museum visit was a successful one. It helped us satiate our curiosity and also helped us understand the life journey of Babasaheb comprehensively. The department looks forward to organizing such productive and insightful educational visits/trips in the future too.

EDUCATIONAL TRIP TO AMBEDKAR MUSEUM

DATE OF EVENT: 8th April, 2022

ORGANIZED BY: RES PUBLICA, THE POLITICAL SCIENCE DEPARTMENT

NUMBER OF PARTICIPANTS: 170

Res Publica, the Political Science Department, Maitreyi College organized an educational trip to Ambedkar Memorial. 170 students from the 1st, 2nd and 3rd years' went for the trip along with the following department teachers- Dr. Uma, Dr. Poonam, Dr Madhusmita, Dr Kanchan, Mr. Shubh Kirti and Miss Nikita. We boarded our respective buses at 10:30 am and reached the venue at around 11 am. Throughout our museum visit, we were enlightened with the life journey of Babasaheb Ambedkar and his innumerable contributions.

This magnificent museum in the shape of an open book, resembling the Indian Constitution, is undoubtedly a must visit in New Delhi. The entire display inside is worthy of admiration. It is located at Alipur Road, New Delhi, opposite to the Bungalow of the Chief Minister of Delhi. The museum is erected at the site of the original home of Dr Ambedkar.

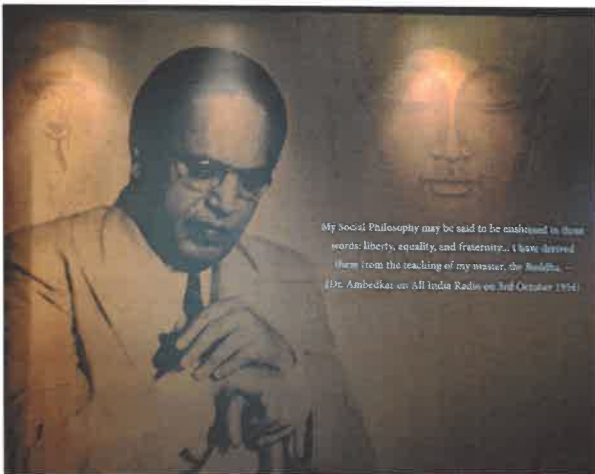

Inaugurated in 2018, this is the first ever Dr Ambedkar Museum in the National Capital. As one enters the first floor of the museum, one finds a larger than life size statue of Dr Ambedkar, the first floor also has some of the most modern equipment and gadgets which illustrates the life history of Dr Ambedkar. There is a Life size Robot Statue of Dr Ambedkar with proximity sensor fitted in it, the moment one reaches close to it, it starts delivering a great speech in his original recorded voice. It also makes bodily movement, making the entire thing appear lively. There are huge screens fitted on the walls which play in loop a good deal of information related to life and achievements of Dr Ambedkar.

The ground floor has information related to the formulation of the constitution, on how it came into being. On display is a replica of all the pages of the original hand written constitution. On this level of the museum there is a recreation of the study room of Dr Ambedkar. There is also a dedicated corner for meditation on this floor where one can find a white, single stone, Vietnamese marble statue of Gautama Budhha. The garden outside the museum is themed as Sanchi Stupa with colorful fountains. We boarded our buses and reached back to college at around 3:30 pm. We were provided refreshments by the college. All the department teachers were really helpful and supportive throughout the trip. Without their guidance, a smooth, fun and comfortable trip wouldn't have been possible.

All in all, the museum visit was a successful one. It helped us satiate our curiosity and also helped us understand the life journey of Babasaheb comprehensively. The department looks forward to organizing such productive and insightful educational visits/trips in the future too.
